SUPPORTING SELF HELP AFRICA

Self Help Africa is an international development organisation that works through agriculture to end hunger and poverty.

The organisation works in Burkina Faso, Ethiopia, Kenya, Malawi, Togo, Uganda and Zambia. In 2018, our work in Africa supported millions of people to grow more food and earn a better living.

Self Help Africa has been working to end hunger and poverty

amongst rural communities in Africa for over 30 years.

Our work seeks to empower local communities with training and knowledge, and to support small-holder farming families to produce more, earn more, and access new markets and better prices for the crops that they grow.

Your participation in this year's Camino Walk will provide a valuable contribution to our work.
